

CALLING ALL VGMS MEMBERS & PEBBLE PUPS

The challenge is on!

Let's help spread the love of gems, minerals and fossils in our community!

Here is what you need...

- Box or cabinet with shelves and/or divisions
- A post or way to mount it in a location where you are comfortable that the public can access it.
- A sign on the box
 - "Free Rock, Gem and Fossil Library- Give, Take or Borrow"
 - "Sponsored by VGMS (add Pebble Pup if that applies)"

Please label your specimen so you can share your knowledge.

Check the box often so you can replenish or provide a label to a specimen that was given to your library.

Have some fun with this activity. This is a unique way to continue reaching out to our community in a time of distancing.
